

## TDSB Digital Learning Tool Consent Form

As part of our commitment to support learning opportunities for our students focusing on communication, critical thinking & problem solving, collaboration & leadership, global citizenship & character, creativity, inquiry & entrepreneurship, the TDSB provides all students with a variety of digital learning tools including G Suite for Education, Brightspace Online Classroom and the TDSB's Virtual Library. These learning tools are carefully selected for their educational value and compatibility with the Ontario Curriculum to support and enhance learning.

Some digital learning tools require that the TDSB share limited personal information such as the student's name and email address for the purpose of creating an account to use the tool or service. Personal information (name and email address) is used and shared by the TDSB for the above-noted purposes under the authority of Education Act and the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA). If you have any questions, please contact your school Principal directly.

At the following link, please find a list of district provided digital learning tools that are available to all students and teachers. [bit.ly/TDSBDLT](http://bit.ly/TDSBDLT) (case sensitive). Please complete the information below and ensure this form is returned to the school by Oct. 15, 2018.
